

CAREER MANAGEMENT

EXPLORE THE WORLD OF WORK

Build a virtual city in Minecraft, exploring and discussing various careers associated with different parts of the city.

DISCOVERING DIFFERENT KINDS OF WORK

Instructions:

You will be divided into teams, with each team responsible for a different part of the city.

Choose Your City Section:

Your team will choose or be assigned a specific section of the city to build, such as:

- Residential & Homes
- Commercial Areas & Local Business
- Healthcare
- Education
- Industry (eg. factories, trades)
- Transportation & roads

Discuss with your team what buildings and structures you will create in your section.

Think about the types of jobs related to these buildings (e.g., doctors in hospitals, teachers in schools).

Build in Minecraft:

Use Minecraft to start constructing your part of the city.

Remember, Minecraft is about creativity and collaboration, so work together and be creative!

As you build, discuss the different careers associated with your buildings.

Think about what people in these jobs do and why they are important.

Prepare for Presentation:

Each group will present their city section to the class.

Be ready to explain the buildings you created and the careers they represent.

CAREER MANAGEMENT

LETS LEARN ABOUT THE WORLD OF WORK THROUGH MINECRAFT

Name: _____ Class: _____ Date: _____

1. Group Members:

List the names of students in your group:

2. City Planning:

What area of the city is your group responsible for building?

- Residential
- Commercial
- Healthcare
- Education
- Industrial
- Other: _____

4. Career Connections:

For TWO of the buildings, identify one career related to it and describe what someone in that career might do:

Building	<input type="text"/>
Career:	<input type="text"/>
Description:	<input type="text"/>
Building	<input type="text"/>
Career:	<input type="text"/>
Description:	<input type="text"/>
	<input type="text"/>

3. Brainstorming:

List at least three structures or buildings your group plans to create in your city area:

5. Reflection:

What did you learn about the different careers while building your section of the city?

Teacher's Comments:

Points Awarded: _____/10
